

Assignment Portfolio Hand-in: A Component-based 2D Asteroids Game

Hand-in Requirements

You have to upload the following artifacts.

Blackboard Assignment:

- One PDF report describing What you have done of work in your portfolio [JavaLab], [NetBeansLab1], [NetBeansLab2], [OSGiLab], [DesignLab], [SpringLab] and [TestLab].
- One zipped source code file for [JavaLab], [NetBeansLab1], [NetBeansLab2], [OSGiLab], [SpringLab] and [TestLab].
- Demo videos of dynamic load/unload of [NetBeansLab2] and [OSGiLab].
- Note, that you should not upload your update center as we get it through the videos. If you have capacity problems uploadning to Itslearning assignments, then you are welcome to share source code and videos via cloud services as long as the material is publicly accessible – eg., github, onedrive or google drive etc.
