

Assignment Portfolio Hand-in: A Component-based 2D Asteroids Game

Hand-in Requirements

You have to upload the following artifacts.

Blackboard Assignment:

- A PDF report describing What you have done of work in your portfolio. For each lab you should describe how you register a component and how you access it.
- One zipped source code file for [JavaLab], [NetBeansLab1], [NetBeansLab2] and [DesignLab]. Note, that you should not upload your update center as we get it through the video.
- Demo videos of dynamic load/unload of [NetBeansLab2].
